

# Download Beyond Employment Time Work And The Informal Economy

The informal sector of the economy, informal economy, or grey economy is the part of an economy that is neither taxed nor monitored by any form of government. Busa Jeremiah Wenogo is an economist and Senior Project Officer with the Consultative Implementation & Monitoring Council, specialising in the informal economy. Employment is a relationship between two parties, usually based on a contract where work is paid for, where one party, which may be a corporation, for profit, not-for-profit organization, co-operative or other entity is the employer and the other is the employee. Employees work in return for payment, which may be in the form of an hourly wage ...Community. What is community and why should educators be concerned with it? We explore the development of theory around community, and the significance of boundaries, social networks and social norms – and why attention to social capital and communion may be important., Beyond Employment Time Work And The Informal Economy.
