

Download Got Season 8 Episode 1

The Game of Thrones season 8 episode 1 script seems to have been leaked. We have collected the following GoT S8E1 plot details from various sources. David Nutter, who had directed two episodes each in seasons 2, 3, and 5, including "The Rains of Castamere" and "Mother's Mercy", directed three episodes for season 8. The final episode of the series was directed by Benioff and Weiss, who have previously co-directed two episodes, taking credit for one episode each. The latest episode of Game of Thrones (GoT)—no, not the English Premier League title race—leaves us with more questions than answers. The overture to the eighth season of the critically acclaimed HBO show released on Monday; it was tight-lipped, and surprisingly so, given there are only more Game of Thrones Season 8 Episode 1 analysis: According to the Independent: Nothing so freighted with expectation could possibly live up to it, and the first episode of season eight doesn't., Got Season 8 Episode 1.
