Dr John E. Sarno is a medical pioneer whose programme has helped thousands of patients overcome their back conditions - without drugs or serious surgery. Back pain will usually improve within a few weeks or months. There are several things you can try to help reduce your pain in the meantime. There are also some specialist treatments that may be recommended if it's thought simple measures aren't likely to be effective on their own. This DVD should be used for educational purposes and not for the diagnosis or treatment of any medical condition. In the case of any pain, please seek the attention of a physician in order to consider the possibility of serious illness.
